

# Tema 6

## Exercitiul 1

- Imaginea initiala:

- Detectorul de contur Sobel :

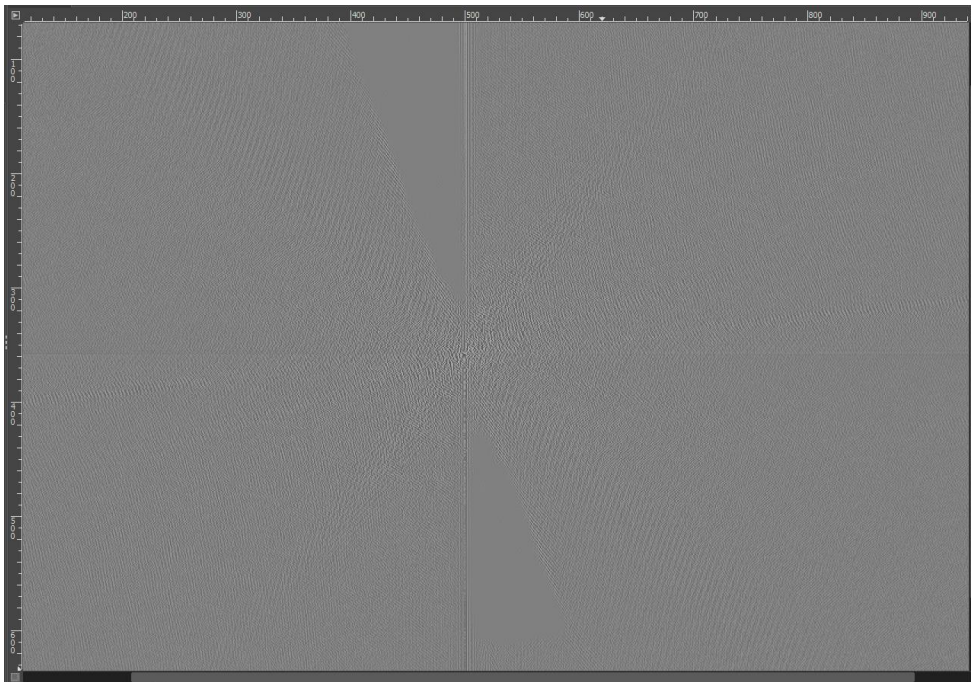

## Exercitiul 2

Semnalele fotografiei initiale:

Folosind pensula, am desenat doua triunghiuri intre doua zone usor mai bine definite (linia verticala din centru si linia oblica concurenta cu aceasta)

Poza initiala:

Am obtinut urmatorul rezultat:
